

# BOND DENTAL

LONDON

## **Bond Dental is NOW FULLY OPEN!**

Dear Bond Dental patients,

We hope this message finds you all safe and well.

We are pleased to confirm that Bond Dental is open to **all patients** from the **8<sup>th</sup> June 2020**. Please call or email to guarantee your appointment.

Our directors have been working tirelessly behind the scenes to ensure we have all the necessary PPE (personal protective equipment) to ensure your safety.

This means that processes may be different from what you have been used to for the foreseeable future. This will be from the moment you call to book an appointment right through to when you leave the dental surgery.

This will include but is not limited to:

- pre-screening questions
- temperature checks for all patients and staff on arrival
- maintaining social distancing within the practice
- additional deep cleaning of the surgery between patients
- longer appointment times
- use of additional personal protective equipment (PPE)
- deposit payments will be taken on the phone to confirm booking

It is more important than ever to attend your appointments on time as not doing so will disrupt and waste valuable clinical time and may hinder our ability to practice social distancing. Please be aware that if you do not attend on time you may be refused entry.

Your appointment may take longer than normal due to the additional infection control procedures which we will be taking. Please co-operate with our secretaries, nurses and dentists instructions as this will ensure your safety.

We are very excited to get back to treating you all but respectfully ask you to be as cooperative as possible during these difficult times.

To book an appointment please call 0207 224 3566 or email us at [info@bonddental.co.uk](mailto:info@bonddental.co.uk) and we will be happy to help!

Bond Dental Team
